Huntsville. Wholesale. Paper Series
 Huntsville. Ala.

STANDARD PEARS A SPECIALTY.

ADVERTISEMENT.

The Nurseries are situated in the northern tier of counties, in Alabama, on an elevated plateau or table-land. These conditions, together with the character of the soil and the very early growth made, conduce to very early maturity, solid, well-ripened wood, and full, fibrous roots. We began digging last year on the 20th day of September. Our stock for the Fall of 1892 and Spring of 1893 is very large, especially in Standard Pears, one and two years, assorted; Plums, one and two years; Cherries, one and two years; Peaches, Russian and Japanese Apricots, Common Apricots; Nectarines, Mulberries and Quinces, one year.

It is better to send in orders as soon as the number of trees needed can be approximated, if it is likely to be late before the real number wanted can be known. We solicit orders, both large and small. On early orders we can favor customers greatly in the varieties desired, and give prompt shipment. We handle trees carefully (much better than is customary) and pack in moss, in good strong boxes and guarantee satisfaction in quality and condition. To those who have favored us with orders we are thankful, and trust for a continuance of their patronage; of those with whom we have not had the pleasure of dealing, we solicit at least a trial order. We can give reference in almost any section as to the good quality and uniform fine condition of the stock we send out, and as to our promptness in forwarding.

We have a great advantage to offer here in early shipment for the North in Spring. Some of our customers are making engagements in the Fall for early Spring shipments. This obviates the necessity of heeling in trees shipped in the Fall for Spring sales. We do not dig anything until time to pack and ship, and as everything we offer is exclusively our own growing, it may be expected fresh and sound.

←+TERMS AND CONDITIONS OF SALE.+→

Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants* after a proper shipment by us. When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignees. Claim for delay or loss must be made to the forwarders.

The cost of package must be added to the prices quoted in this list, as follows:

Boxes 30 inches square, from $7\frac{1}{2}$ to 9 feet long, as the trees may require, each $\$2.50$; boxes 24 inches, $\$2.00$; boxes 18 inches, $\$1.50$; bales, from 25c to 75c each. No charge will be made for delivering goods to the depot.

We avoid baling as far as possible, except when goods go by express, as the railway lines charge from 30 to 50 per cent. more on bales than on boxes.

Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ACCEPTANCE—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, the boxes should not be opened until the frost is all out. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us, and without our orders for their disposition.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury

befall the trees from frost, hail, storm, fire or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 days time, or when more time is necessary, 60 days from date of shipment, to responsible, prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference. Bank if possible, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. With nurserymen, it is the correct principle, that nursery bills should first be paid. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 1st or June 1st, owing to circumstances. If shipment is required in the Fall for Spring use a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

The publication of this list abrogates previous quotations.

ANNUAL TRADE LIST

—OF THE—

HUNTSVILLE

Wholesale Nurseries,

HUNTSVILLE, ALABAMA.

JESSIE S. MOSS, PROPRIETOR.

W. F. HEIKES, MANAGER.

Remittances and Correspondence should be Addressed to

W. F. HEIKES, MANAGER,
HUNTSVILLE, ALABAMA.

 FALL OF 1892. 

(JUNE 25TH, 1892.)

Except where Prices are agreed upon, these Quotations are Subject to
Change without Notice.

TO NURSERYMEN AND DEALERS ONLY.

The Huntsville Wholesale Nurseries

The Greatest Nursery in the World. Below the Blizzard Line.

HEIKES--HUNTSVILLE--TREES.

Tract of 1000 Acres. Over 700 Acres closely planted in Nursery Stock. Nothing over Two Years Old.

TELEGRAPHIC ADDRESS,

HEIKES, HUNTSVILLE, ALABAMA.

Use the Nurserymen's Telegraphic Code in Telegraphing. Any one not in possession of a copy will be supplied upon application.

As we send this list to nurserymen and dealers only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of ten, when consistent with the order, and we suggest to our customers to make their orders for varieties in

multiples of ten as far as practicable. Orders for fifty and not over 300 trees, if for not less than ten of a variety, will be charged at the rate per hundred. Orders requiring three hundred trees or more, and not less than ten of a variety, will be filled at the lowest quoted prices. Orders for less than ten trees of one variety, will be charged at the rate per ten.

We give customers their choice of varieties.

Our Price List is issued monthly. Should any one fail to receive it regularly, please notify us.

PEAR TREES--On Pear Roots, Standard, Leading Varieties.

Our Pear Trees for the Fall of 1892 will be unusually well rooted, as they are budded upon transplanted pear stocks.

We can supply any of the following varieties of Pears on LeConte stocks without additional cost.

Pears--Idaho.....	<i>Grocer</i>	1 00	5 00

HEIKES--HUNTSVILLE--TREES.

The first name to think of when you wish to order fruit trees is **W. F. HEIKES**, Manager of the **HUNTSVILLE WHOLESALE NURSERIES, HUNTSVILLE, Alabama**. Heikes is the leader in the Wholesale Nursery business, and has the disposition and the ability to serve you better, everything considered, than anyone else. Our nurseries have been established here many years, and have earned a high reputation for the quality of stock produced and the perfect manner in which it is handled. It usually happens, when an old nursery has been successful, that new ones are started. There is now a new nursery here called the **Alabama Nursery Co.**, with which we have no connection. The name Alabama as applied to this nursery has led to confusion in the minds of some correspondents, who have ordered trees from them, thinking they were ordering from us.

We wish to advise our customers and friends not to confound the **HUNTSVILLE WHOLESALE NURSERIES**, which is the only strictly wholesale nursery in the South, with any other nursery here.

HEIKES--HUNTSVILLE--TREES.

Think of Heikes first. Look for the Green List, and make your orders. Always address all correspondence and envelopes to

W. F. HEIKES, Manager,
HUNTSVILLE, ALABAMA.

TELEGRAPHIC CODE.

The American Association of Nurserymen has compiled a Telegraphic Code for the use of nurserymen. Members of the Association are entitled to a copy of the Code and to have their names registered, with any cipher word they may choose, as their telegraph or cable address, in the Annual Transactions. This will place every member in assured telegraphic correspondence with others in possession of the Code.

Send two dollars, the membership fee, at once, to N. A. Whitney, Treasurer, Franklin Grove, Ill., so that a sufficient number of the Codes and Transactions may be provided.
